Dear Mr. Rehder:

Enclosed is a copy of the Draft Proposed Major Modification to the Corrective Action Decision/Record of Decision (CAD/ROD) for Operable Unit One (OU1). The U.S. Department of Energy (DOE) Rocky Flats Field Office received your letter regarding OU1 CAD/ROD Amendment recommendations on December 29, 1999, and has revised this document to incorporate your agency comments concerning continued operation of the collection well. In general, your agency agreed with the proposed changes to the OU1 groundwater collection and treatment system except for discontinuing use of the OU1 collection well.

The DOE would appreciate a two-week review period from your agency on this document. Copies have also been sent to the Colorado Department of Public Health and Environment (CDPHE.) Following incorporation of comments from your agency, and the CDPHE, public notice will be provided and the document will be made available for a 30-day public comment period.

If you should have any questions concerning this document, please contact Norma I. Castaneda at (303) 966-4226 or contact me at (303) 966-5918.
